THE 5% CLUB

To demonstrate our commitment to supporting apprenticeships, Bellway is a member of the 5% club. This is a movement of employers working to create 'earn and learn' skills training opportunities across the UK by driving the recruitment of Apprentices, Graduates and Trainees.

There's more to us than just work!

By continuing to support excellent causes both locally and nationally, we hope to make a real difference to people and communities across the country. We do this in several ways:

By working with a national partner - currently Cancer Research UK - raising money for this

charity across our organisation.

By working locally - each of our local offices has a charity fund to support organisations and community causes in their local area.

By working with our employees - we match any funds raised by our staff outside of work, for good causes close to their hearts.
