

CAREERS NEWSLETTER

This newsletter is a collation of all the opportunities we have heard about from employers and universities. Please use the links included to read more information and apply to anything you are interested in. Links are underlined.

OPPORTUNITIES

Introducing Cyber Explorers – a free interactive learning platform for all 11-14 year olds, offering hands-on insights into how digital, computing and cyber security skills are integral to exciting career paths. Check it out [here](#).

"UK University Search will enable you to [find your perfect university course](#). By following our simple step-by-step search tool you'll be able to easily find which courses suit you best and compare them.

You'll also be able to find your [UCAS tariff points](#), book a visit using our [open days calendar](#) and read [vital blogs](#) covering a whole range of topics including finance, clearing and the UCAS application process.

You can also explore all of the UK's universities and colleges courses using [our directory](#). The site also enables you to apply for [hundreds of apprenticeships](#) run by the UK's most prestigious companies.

In addition to this we host a number of large scale [university and apprenticeship fairs](#) across the country. We have welcomed thousands of students to our events, and host them at some of the UK's most iconic stadiums including the Hotspur Stadium, Old Trafford, St James' Park, Elland Road and many others."

University of East Anglia are running a session on Wed 18 May that will explore the field of pharmacology, understanding how medicines work in the body, how new targets are identified and new drugs discovered, along with guidance on degree and career opportunities in this field. Sign up [here](#).

JOB OF THE WEEK

Design engineers improve product performance & efficiency and research new manufacturing ideas & systems.

You can earn up to £55,000 per year and expect to work 38-40 hours per week. There will be 3% more Design Engineer jobs by 2026. You can read more about this [here](#).

LABOUR MARKET INFORMATION FACT

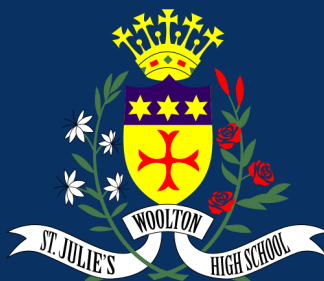

The number of females, aged 16-64 who are employed in the UK is 72.2%.

The number of males within the same age range is 78.8%.

Why do you think more men are employed than women?

OPPORTUNITIES

University can be some of the best years of your life but at the same time it can bring with it unfamiliar situations and feel overwhelming. However, your wellbeing is as important as your studies. Join Queen Mary University students for this live session where they share some of the challenges they've faced in regards to their mental health and how they overcame them through the support provided. Nobody should have to suffer alone or in silence so this session is about collectively reflecting on the issues students face particularly during their time at university. Sign up [here](#).

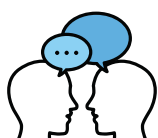

Are you passionate about taking action to improve the health of the planet? So is Sebastian Munden, Executive Vice President & General Manager, Unilever UK & Ireland. During this broadcast, you will learn about and careers in sustainability and how Unilever is working with brands to invent innovative ways to reduce plastic pollution. [Click here](#) to sign up.

Have you ever thought about studying Nursing? Join the University of Sheffield's Adult Nursing taster session to gain an insight into one of the most important parts of the body: the heart! You'll learn how the heart works, the dangers and causes of heart disease and, importantly, how to prevent heart disease. Sign up [here](#).

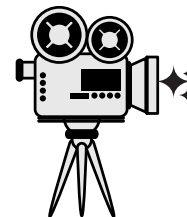

Thinking of doing an EPQ? Learn more about getting started and making the most of the summer in this event offered by University of East Anglia. Dr Rebecca Westrup, a leading university academic, will run an interactive skills and insight workshop for students. The session will develop skills and approaches to the EPQ. Sign up [here](#).

Do you have questions about university? Want honest answers? Unibuddy is a safe platform that allows you to message and receive support from current university students. Check it out [here](#).

EMPLOYER SPOTLIGHT

Sony

"Every single one of us has an imagination—that unique ability to visualize. To create. To innovate. But when was the last time you put it to work for you? If you'd like to do it more, you've come to the right place—and the right company." You can read more [here](#).

UNI SPOTLIGHT

University of East Anglia
